PUMPKIN PLANNING NOTES:						
January - March: Plan your pumpkin patch. Buy seeds (see pumpkinnook.com)						
March - Early May: Get the pumpkin patch ready, test soil pH and fertility.						
Mid -Late April: Start giant pumpkin seeds indoors.						
Early May: Plant giant pumpkin seedlings outdoors, protect from frost and cold.						
Mid May – Late June: Directly sow pumpkin seeds (all varieties, except giants) outdoors after the last frost.						
Mid May – Late June: Fertilize regularly to promote plant growth and health.						
July: Pumpkin pollination time! Put on some romantic music.						
August: Add lots of fertilizer and water. Watch 'em grow!						
September: Harvest time. Look how big they are!!!						
October: It's a pumpkins time to shine.... HALLOWEEN!!!!!!						
November: Eat lots of pumpkin pie. Pumpkin recipes galore at pumpkinnook.com/cookbook.htm						
December: Enjoy the holidays... eat more pumpkin pie.
